

# IRP1-0325 3U Rackmount Panel Installation

## Included in this package

(1) Solid Panel ①

(2) Ear Bracket ②

(6) M4 x 8 Screws

(4) #10-32 x 5/8 Screws

(4) #12-24 x 5/8 Screws

## Installation Steps

Step 1. Place ear bracket ② on right side of main panel ①. You can align your main panel ① to Front Position, Center Position or Rear Position screw holes on ear brackets (Figure 3) depends on your application need. Rear Position is the standard mounting position.

Step 2. Secure right side ear bracket ② with (3)M4x8 screws.

Step 3. Repeat Step 1 to Step 2 for left side ear bracket.

Step 4. Select the correct rack screw for your cabinet. Check your cabinet manufacture for the screw information.

Step 5. Align rack screw mounting hole on bracket with rack screw holes in the cabinet. Once aligned, secure your IRP1 with correct rack screw either 10-32 or 12-24.

Installation complete.
